### Introducción

#### 1. **Profile**

- **Objectives:**
  - To observe a computer user's activity.
  - To observe a computer user's connection to the Internet.
  - To observe a computer user's work with a computer.

- **Methods:**
  - To observe a computer user's activity.
  - To observe a computer user's connection to the Internet.
  - To observe a computer user's work with a computer.

#### 2. **Data Collection**

- **Sampling:**
  - To observe a computer user's activity.
  - To observe a computer user's connection to the Internet.
  - To observe a computer user's work with a computer.

- **Methods:**
  - To observe a computer user's activity.
  - To observe a computer user's connection to the Internet.
  - To observe a computer user's work with a computer.

#### 3. **Análisis**

- **Results:**
  - To observe a computer user's activity.
  - To observe a computer user's connection to the Internet.
  - To observe a computer user's work with a computer.

- **Discussion:**
  - To observe a computer user's activity.
  - To observe a computer user's connection to the Internet.
  - To observe a computer user's work with a computer.

#### 4. **Conclusion**

- **Conclusion:**
  - To observe a computer user's activity.
  - To observe a computer user's connection to the Internet.
  - To observe a computer user's work with a computer.

- **Recommendations:**
  - To observe a computer user's activity.
  - To observe a computer user's connection to the Internet.
  - To observe a computer user's work with a computer.
